## CLIENT TESTIMONIALS

### Water Damage - Houzz Customer Review

"I found a soft spot by the dishwasher only to find mold and a rotten floor underneath. First team arrived on schedule and finished as promised. The difference was in the details. The crew kept me informed and kept the mess to a minimum. Great company and knowledgeable group of guys."

-WHemby

### Room Additions - Yellow Pages Review

"I recently used First Team Construction for the addition of a sun room to my home. Not only were the employees very knowledgeable and thorough with answering all of my questions, but they were also very friendly and respectful. I never felt inconvenienced while having the addition built...They did an awesome job!!!"

### Home Remodeling - Angie's List Review

"Remodeled and expanded our office space. Great job and great people! David was very easy to work with and always quick to respond to any of our concerns...We would highly recommend him and his company to anyone looking for an honest, competent and trustworthy contractor."
